

h. Design by ATT
Perfection in Hygiene Design of Drainage Systems.

h. Design by ATT

PLATE GRATING

Hidden flat bars to prevent from formation of dirt on edges.

PERFORATED SHEET GRATING

MESH GRATING

Deburred edges to minimize accumulation of solid residues that could be a source of bacteria.

WASTE BASKET

Deep pressed, single hygienic element for effective cleaning and easy removal of solid wastes.

TRAP

The inverted trap provides maximum protection against odors and bacteria penetration.

Hygienic deep pressed floor drain top, without sharp corners, enables self-cleaning and blocks bacteria growth.

Butt welding technology. No welding joints in corners.

Deep pressed body, without sharp edges and weld joints on corners prevents from accumulation of contamination and provides self-cleaning effect.

h. Design by ATT

Continuous welding prevents from dirt accumulation

Folded edges.

Levelling feet made of stainless steel.

WASTE BASKET

Deep pressed, single hygienic element for effective cleaning and removal of solid wastes.

TRAP

The inverted trap provides maximum protection against odors and bacteria penetration.
