

# ATTractive bathroom solutions

## MODERN AND COMFORTABLE BATHROOM DRAINAGE SYSTEMS

- SPA CHANNELS
- BATHROOM FLOOR DRAINS
- SHOWER BASES

A modern bathroom shower area featuring a glass partition and a decorative cylindrical light fixture. The shower has a sleek, minimalist design with a glass door and a stainless steel showerhead. The walls are covered in light-colored tiles, and the floor is made of light wood. A decorative cylindrical light fixture with a white and black pattern is mounted on the wall. The shower is set against a large window with a view of a city skyline at night.

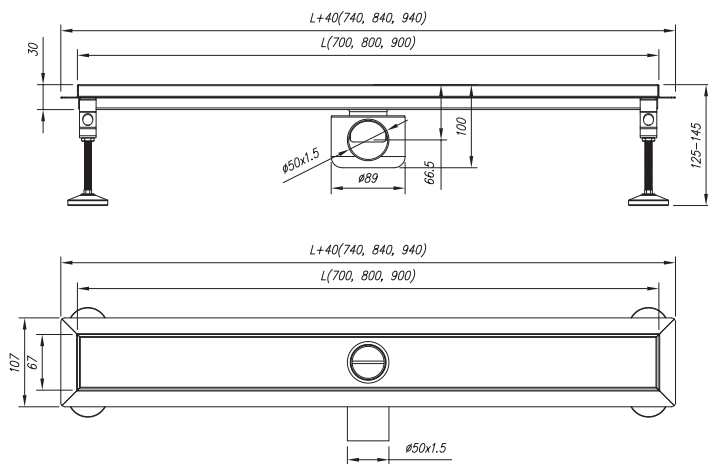

## ATtractive bathroom drainage systems

are an excellent alternative for traditional shower basins. This solution enables users to gain extra space in the bathroom. Due to the wide range of dimensions, our products can be applied in the most inaccessible locations.

Stainless steel materials and precise finishing guarantee highly esthetic, attractive design and comfort combined with easy maintenance and long term durability.

# SHOWER BASES

A fast and easy installation process is a very important feature of our shower bases. The antibacterial characteristics of stainless steel, and the possibility of using many kinds of disinfectants are also key advantages.

These bases are recommended not only for application in healthcare centers, hospitals, and rehabilitation facilities, but also as bathroom furnishings for sport centers.
