

To Whom It May Concern,

I am writing to highly recommend ATT sp. z o.o. based on our longstanding partnership since 2002.

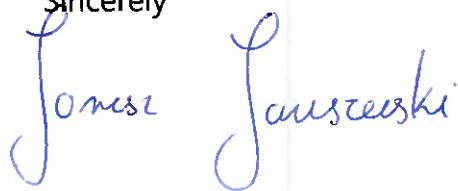

ATT sp. z o.o. has consistently delivered and installed drainage solutions across our brewery locations in Brzesko, Sierpc, and Szczecin. Their expertise in both delivery and installation has been crucial in ensuring the efficiency and hygienic safety of our production processes.

In the mentioned facilities, ATT sp. z o.o. has delivered and installed linear and point drainage systems, sewer revisions, and manhole covers. Notably, their drainage design included specialized sediment baskets for capturing labels and glass fragments, further enhancing the functionality of our drainage systems.

Their dedication to quality and effective communication have made them a valuable partner in our brewery operations.

We highly recommend ATT sp. z o.o. for their outstanding performance and reliability in delivering and installing drainage solutions. Their professionalism and commitment to excellence have greatly contributed to the success of our projects.

Sincerely
